DETAILED ACTION

- 1) Acknowledgement is made of Amendment received 6/23/2003. Applicants amend claims 34, 58-72.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

- 2) Claims 34-72, are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The claims are confusingly written due in part to bad syntax. The following is additionally noted:

Claims 34-72: it is not clear whether the air impingement apparatus or method step is being claimed alone or in combination with other method steps or apparatus. If the claims are intended to claim a combination, then the claims must be rewritten with the necessary structure to connect the variously recited steps or apparatus elements. Note that claims 34-48 are not clear as to whether an apparatus or a method is being claimed.
